

## Superintendent Report April 11, 2024

### Performance Showcase

Congratulations to all of our performers who took part in the spring showcase! Students and parents throughout the grades gathered to cheer on our many talented and creative students at the showcase. Much appreciation for our students and for Sadie Sonntag and staff for organizing the event.

### Enrollment for 2024-25

Intent to return survey was distributed to families last week. About 40% of families have responded and though more information is needed, we are not anticipating large changes to enrollment. Numerous tours have been held this year, and they continue into the spring. Currently most classes are impacted for the purposes of out of district enrollment, though intent to return confirmations may shift our ability to enroll additional students.

### ACT for 2024-2025

We are currently examining models to diversify and extend the reach of the Academic Coaching Team model into Math for lower graders while simultaneously looking to similarly expand differentiated programs in the upper grades. We have seen remarkable growth in our elementary students in reading through the ACT model and there is keen interest in the ability to yield a similar gain in mathematics. Of particular interest is continuing development of the universal intervention model to ensure that all students, whatever ability, are receiving instruction at their level to optimally facilitate their growth and development.

### Youth Truth and Climate Detail Survey

<b>Combined Response Rates 2024 (2023)</b>			
<b>Group</b>	<b>Survey Population</b>	<b>Number of Responses Received</b>	<b>Response Rate</b>
Student	159 (123)	145 (119)	91% (97%)
Family	180 (220)	167 (106)	93% (48%)
Staff	30 (41)	31 (21)	103% (51%)
<b>Total</b>	<b>369 (384)</b>	<b>343 (246)</b>	<b>93% (64%)</b>

## Middle School 2024
